

The Camano Center connects, enriches, and supports our community.

Down to Earth Gardeners prepare holiday bouquets for meals on wheels clients

Stepping Out program kicked off thanks to past board member Barbara Libby's efforts

Camano Center partners with Senior Services of Island County to bring a nutrition program, Meals on Wheels and information and assistance to Camano Island seniors.

National Night Out event was hosted at the Camano Center for the first year.

About the Camano Center

The Mission of the Camano Center is to connect, enrich and support our community.

The Camano Center is a driving force for seniors and community residents of Camano Island and the surrounding areas. Through an array of educational, recreational, and wellness activities, the Camano Center enriches the lives of thousands.

As 501c3 non-profit organization, the Camano Center is 100% funded by local donors, members, businesses, and our 2nd Chance Thrift Shop. With this financial support, the Camano Center continues to serve the needs of Camano Island and our surrounding community. We strive to make our programs both available and affordable for everyone.

The Camano Crab Dash 5K/10K fun run/walk is a fun family pet and stroller friendly event that offers a moderate 5K that participants can run or walk and a challenging 10K run. 250 Participants ranged from 5 years old to 85 years old with even younger children riding in strollers.

The Camano Center Adult day Program provides a break for caregivers

From the Executive Director

Friends—As you know, I joined The Camano Center and 2nd Chance Thrift Shop a few short months ago. Beginning with my interview process I have been impressed and in awe of the passion and commitment this community has for this organization. I am honored to be leading the continued pursuit to connect, enrich, and support all who live here. Each day I bear witness to the efforts from supporters like you, who give your time and resources.

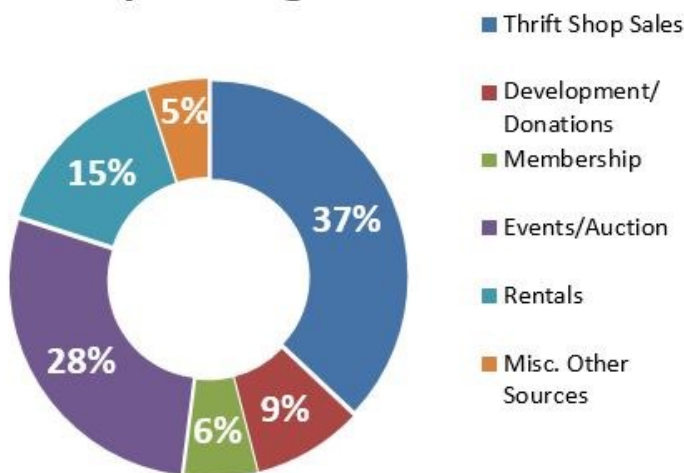

Having come from the healthcare industry it's ingrained in me to be frugal. While the responsibility to balance a budget for the company is a focus whether it's "for profit" or "not for profit", the motivation is very different for me now. Being as fiscally responsible with donor dollars and time has a direct impact on the members we serve each day and whether operations and programs can continue into the future. I see the result on a daily basis of how time spent by staff or volunteers placing a daily phone call to check on vulnerable seniors, makes a difference in that life. Watching volunteers deliver meals, shovel and plow sidewalks, drive people to their medical appointment or grocery store, provide retail support at the Thrift Shop, weed and plant bulbs on our grounds...is truly amazing. And the staff is among the best and kindest group of people I've ever worked with! I never want to imagine this island without the Camano Center and the resources it provides.

Because of these reasons, and so many more, I am excited and inspired to work on further diversifying our income streams, applying lean principles to daily operations, searching out the best deals on everything from toilet paper to service providers, scrutinizing staff costs, reviewing contracts, and partnering with all of the local agencies possible to make our center and shop sustainable forever.

I invite you to read this report and celebrate our progress for 2019. Thank you for partnering with us to create an engaged, vibrant, and healthy community.

Bonnie Eckley
Executive Director

2019 Calendar Year Operating Income

2019 by the Numbers

- 1,652 members
- 251 volunteers contributed 17,362 hours
- 21,982 people visited the Center
- 47 events drew in over 5,000 people
- 4,275 meals served in the Sundin Room
- 55 people, organizations and groups rented space
- 41 households are part of the Disaster Registry Program
- 1,800 Camano Connection calls made
- 248 people participated in 31 trips
- 40 different groups use the Center on any given week
- 950 people borrowed medical equipment

Through the Medical Rides Program:

- 16 drivers volunteered 1,825 hours and drove 39,448 miles
- 71 clients were transported to 709 appointments

After 18 years of use, the Camano Center furniture got a modern update thanks to a group of private donors and the Charles and Donna Cole Foundation.

Feb 2019 snowstorm put our systems to the test as we reached out to this tight knit community for help supporting the needs of the Island in an emergency.

2019 Highlights

- Assistant Manager Kylee Fazzone joins Thrift Shop team to cross train with Roxanne
- New leadership—Executive Director, Bonnie Eckley joins the team
- First National Night Out Event hosted at Camano Center
