

THRIFTY THOUGHTS

February 2026

February Thoughts

Consistency is key

The new year is off to a great start. The donations have been flowing in steadily, sales have grown consistently, and our overall store presentation is what we are becoming known for by our customers. We've set the bar high for 2026 and we are rising to the challenge. Thanks to everyone for doing your part in your area to help keep our store organized, clean, and tidy.

Goals for month

This month our goal is to organize, declutter, and clean each area. Please help by cleaning up your station at the end of your shift, being mindful of where things go when putting them onto the floor, and following guidelines to ensure consistency in pricing like items.

Store presentation

Here at 2nd Chance Thrift Shop we take great pride in our displays. We've been focusing on themed table displays to inspire shoppers. We continually get positive feedback from customers who have taken notice of our efforts. This sets our store apart from other thrift stores in the area. Let's continue to provide a top notch quality shopping experience for our valued customers! Attention to detail and visually pleasing merchandising make an impact.

Reminders

Please take breaks, hydrate, and ask for help with heavy lifting! Sylvia and Heidi are always here to help. Please don't hesitate to ask for assistance in your area if you need a hand. We want everyone to enjoy their time here. We are a great team that gives 100 percent and we don't want anyone feeling overwhelmed.

Upcoming Events

- April 26- Volunteer Appreciation Week.
- April 28 Volunteer Appreciation Luncheon.
- July 25 Christmas in July.

Go Seahawks!
