THRIFTY THOUGHTS

Thrifty Thoughts

2nd Chance Thrift Shop has sailed through the first half of the year. We are thriving as a team, surpassing sales goals month after month, and expanding our reach in support of our nonprofit mission of providing funding for the older adults in our community. Take a moment to be proud of all that we've accomplished so far. Each volunteer brings a unique set of skills and talents that have directly contributed to our success! We are extremely grateful for each member of our team. We are approaching the busy season and we appreciate your continued attention to detail. Let's focus on keeping our areas clean and organized. Pay close attention to consistency in pricing and be mindful of where items go when displaying. We have set the bar high on our visual presentation and receive many compliments from our customers, let's continue to shine!

Reminders

The Camano Center would like to invite you to take part in a short, anonymous survey. The survey is designed to measure how connected, supported, and valued people feel within a community. You can find the survey on the back counter at the register. A drop box is located next to the survey. We are looking for volunteers for the tear down of our Christmas in July event. If you have time available to help on Saturday July 25th from 3-5 the sign up sheet is located by the computer. Thank you in advance for your time and participation.

Upcoming Events

July 25th- Christmas in July
